COMPLETE FOR STRUCTURE FIRES

Type of Structure	Cause of ignition	Ignition	Size	Human Factors Contributing
Wood Frame	Intentional	Area of Origin	Length	Asleep
Brick	unintentional	Heat Source		Width
Mobile	Failure of equip. or Heat Source		Item First Ignited	
Barn	Act of nature	Multiple persons involved		Age was a factor
Other	Under investigation			
	Undetermined			

Structure Type	Building Status	Fire Origin	Insurance Company Information
Enclosed Building	Under construction	Story of origin	Company:
Fixed portable/mobile structure	Occupied & operating	Confined to object of origin	Policy Number:
Open structure	Idle, not routinely used	Confined to room of origin	
Air supported structure	Under major renovation	Confined to floor of origin	Agent's Name
Tent	Vacant & secured	Confined to building of origin	
Open platform (e.g. piers)	Vacant & unsecured	Beyond building of origin	Phone Number:
Underground structure	Being demolished		
Connective structure (e.g. fences)	Undetermined		
Other type of structure	Other		

Presence of Detectors	Detector Type	Detector Operation	Detector Power Supply	Detector Effectiveness
None Present	Smoke	Fire too small to activate	Battery	Alerted occupants—they responded
Present	Heat	Operated	120V	Occupants failed to respond
	Combination	Failed to Operate		There were no occupants
	Sprinkler, water flow	Undetermined		Failed to alert occupants
	More than 1 type			

Complete for Wild land Fire.
 Estimated acreage: _____ Estimated Cause of Fire: _____ Was Forestry Called? _____

Complete for Vehicle Accident/Fire

Type of Vehicle(s)	Weather Conditions	Road Conditions	Vehicle Information	
Passenger Car	Clear	Dry	Vehicle 1	Make/Model/Year
Pick-Up Truck	Fog	Wet	Vehicle 2
